All course texts and readings will be available on Carmen. Any additional digital material for this course will be available through OSU library and/or accessible online sources.

## **Carmen**

There is a Carmen site for this course: <https://carmen.osu.edu>. All course materials, lecture notes, readings, and assignments are available via Carmen. Please review the course frequently for any updates.

You will need to use BuckeyePass ([buckeyepass.osu.edu](https://buckeyepass.osu.edu)) multi-factor authentication to access your courses in Carmen. To ensure that you are able to connect to Carmen at all times, it is recommended that you take the following steps:

- Register multiple devices in case something happens to your primary device. Visit the BuckeyePass - Adding a Device help article for step-by-step instructions (<https://admin.resources.osu.edu/buckeyepass/adding-a-device>)
- Request passcodes to keep as a backup authentication option. When you see the Duo login screen on your computer, click **Enter a Passcode** and then click the **Text me new codes** button that appears. This will text you ten passcodes good for 365 days that can each be used once.

- Download the Duo Mobile application (<https://admin.resources.osu.edu/buckeyepass/installing-the-duo-mobile-application>) to all of your registered devices for the ability to generate one-time codes in the event that you lose cell, data, or Wi-Fi service

If none of these options meet the needs of your situation, you can contact the IT Service Desk at 614-688-4357(HELP) and IT support staff will work out a solution with you.

## **Course Format: How this Class Works**

- **Mode of delivery:** This course is 100% online delivery via synchronous Distance Learning (DL) mode. This means there are regular online class sessions that you must attend. These sessions will be held via Zoom, on Tuesdays and Thursdays starting August 26, 2025.

## Course Policies

For course policies, please see the previous sections on attendance, grading, and assessments as well as the following copyright statement. Any updates to policies will be clearly communicated and updated on the syllabus.

## Copyright Statement

This syllabus and all course materials (e.g., assignments, ILE examples course materials) are under copyright by the instructor and cannot be posted elsewhere without written permission. This includes uploading materials to online sources such as Quizlet, Chegg, etc.

## Generative AI Policy

There has been a significant increase in the popularity and availability of a variety of generative artificial intelligence (GenAI) tools, including Co-Pilot, ChatGPT, Claude and others. These tools will help shape the future of work, research and technology but when used inappropriately, they can stand in conflict with academic integrity at Ohio State.

Considering the learning goals of this class are to develop and practice skills necessary for engaging and advocating with communities to promote health along with the impact on communities needed to support GenAI tools, **the use of GenAI tools is generally NOT permitted in this course** and should only be used for assignments when clearly specified. If GenAI is permitted, this will be indicated on the assignment instructions. **When GenAI is permitted on an assignment, you MUST include a brief description explaining how GenAI was used to complete the assignment and how the assignment still represents your own work. Use of GenAI tools for any work where GenAI is NOT permitted, or use without a brief description, may be considered a violation of Ohio State's [Academic Integrity](#) policy and [Code of Student Conduct](#) because the work is not your own.** The

use of unauthorized GenAI tools may result in referral to the [Committee on Academic Misconduct](#).

If the instructor suspects you have used GenAI on an assignment for this course, they will ask you to communicate with them to explain your process for completing the assignment in question. If you feel you need to use GenAI for translation, please contact the instructor first. If you have any other questions regarding this course policy, please contact the instructor.

### **Office of Student Life: Disability Services**

The university strives to maintain a healthy and accessible environment to support student learning in and out of the classroom. If you anticipate or experience academic barriers based on your disability (including mental health, chronic, or temporary medical conditions), please let the instructor know immediately so you can privately discuss options. To establish reasonable accommodations, the instructor may ask that you register with Student Life Disability Services. After registration, make arrangements with the instructor as soon as possible to discuss your accommodations so they may be implemented in a timely fashion.

If you are ill and will miss class activities or due dates, please let the instructor know immediately. In cases where illness interacts with an underlying medical condition, please consult with Student Life Disability Services (SLDS) to request reasonable accommodations. You can connect with SLDS at [slds@osu.edu](mailto:slds@osu.edu); 614-292-3307; or [slds.osu.edu](http://slds.osu.edu).

### **Mental Health Services**

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. The Ohio State University offers services to assist you with addressing these and other concerns you may be experiencing. If you or someone you know are suffering from any of the aforementioned conditions, you can learn more about the broad range of confidential mental health services available on campus via the Office of Student Life's Counseling and Consultation Service (CCS) by visiting [ccs.osu.edu](http://ccs.osu.edu) or calling [614-292-5766](tel:614-292-5766). CCS is located on the 4th Floor of the Younkin Success Center and 10th Floor of Lincoln Tower. You can reach an on call counselor when CCS is closed at [614-292-5766](tel:614-292-5766) and 24-hour emergency help is also available 24/7 by dialing 988 to reach the Suicide and Crisis Lifeline.

### **Religious Beliefs or Practices Accommodations**

Ohio State has had a longstanding practice of making reasonable academic accommodations for students' religious beliefs and practices in accordance with applicable law. In 2023, Ohio State updated its practice to align with new state legislation. Under this new provision, students must be in early communication with their instructors regarding any known accommodation requests for religious beliefs and practices, providing notice of specific dates for which they request alternative accommodations within 14 days after the first instructional day of the course. Instructors in turn shall not question the sincerity of a student's religious or spiritual belief system in reviewing such requests and shall keep requests for accommodations confidential.

With sufficient notice, instructors will provide students with reasonable alternative accommodations with regard to examinations and other academic requirements with respect to students' sincerely held religious beliefs and practices by allowing up to three absences each semester for the student to attend or participate in religious activities. Examples of religious accommodations can include, but are not limited to, rescheduling an exam, altering the time of a student's presentation, allowing make-up assignments to substitute for missed class work, or flexibility in due dates or research responsibilities. If concerns arise about a requested accommodation, instructors are to consult their tenure initiating unit head for assistance.

A student's request for time off shall be provided if the student's sincerely held religious belief or practice severely affects the student's ability to take an exam or meet an academic requirement and the student has notified their instructor, in writing during the first 14 days after the course begins, of the date of each absence. Although students are required to provide notice within the first 14 days after a course begins, instructors are strongly encouraged to work with the student to provide a reasonable accommodation if a request is made outside the notice period. A student may not be penalized for an absence approved under this policy.

If students have questions or disputes related to academic accommodations, they should contact their course instructor, and then their department or college office. For questions or to report discrimination or harassment based on religion, individuals should contact the [Civil Rights Compliance Office](#). (Policy: [Religious Holidays, Holy Days and Observances](#))

### **Academic Misconduct**

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term "academic misconduct" includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee ([Faculty Rule 3335-5-48.7 \(B\)](#)). For additional information, see the [Code of Student Conduct](#).

### **Grievances and Solving Problems**

A student who encounters a problem related to his/her educational program has a variety of avenues available to seek resolution. According to University Policies, if you have a problem with this class, you should seek to resolve the grievance concerning a grade or academic practice by speaking first with the instructor or professor. Then, if necessary, you may take your case to the department chairperson. Specific procedures are outlined in [Faculty Rule 3335-8-23](#), the [CPH Graduate Student Handbook](#), and the [CPH Undergraduate Student Handbook](#). Grievances against graduate, research, and teaching assistants should be submitted first to the supervising instructor, then to the chairperson of the assistant's department.

### **Required Statement on Intellectual Diversity**

Ohio State is committed to fostering a culture of open inquiry and intellectual diversity within the classroom. This course will cover a range of information and may include discussions or debates about controversial issues, beliefs, or policies. Any such discussions and debates are intended to support understanding of the approved curriculum and relevant course objectives rather than promote any specific point of view. Students will be assessed on principles applicable to the field of study and the content covered in the course. Preparing students for citizenship includes helping them develop critical thinking skills that will allow them to reach their own conclusions regarding complex or controversial matters.
